## New in the Studio: Rutt Handcrafted Cabinetry

Drury Design is proud to announce an exciting new relationship with Rutt HandCrafted Cabinetry.

After a deep search into truly unique, premium providers, and considering the tastes and desires of our clientele, we believe that Rutt products are the ideal complement to our outstanding product offerings. We think you'll find Rutt's aesthetic fits beautifully into client designs and area homes.

Rutt has a long heritage in the luxury cabinetry world, representing decades of dedication to the design and craftsmanship of timeless, hand-made cabinetry that raises standards in the industry.

Featured at our studio entry, a new full-size kitchen displays Rutt's uncompromising quality and style. This addition to our showroom represents an exceptional opportunity to explore Rutt's architectural approach and origins in southeastern Pennsylvania's Amish and Mennonite communities first-hand.

## Third ASID Interior Design Excellence Award Goes to Drury Design and Ginny Blasco Design

Drury Design of Glen Ellyn and Ginny Blasco Design of Chicago recently won an ASID award for a spectacular kitchen remodel in Winnetka, Illinois. The early 20th century home's kitchen remodel breathed new life into the entire first floor.

This project is the team's third ASID award—in 2014, a multi-cook kitchen remodel in Burr Ridge and a reimaged rec room in Glen Ellyn each won ASID Illinois Excellence Awards.

Gail Drury, CMKBD, remarked, "Because we are competing against some of the top interior designers in the country, winning the ASID award is an important achievement. We are honored to be considered as part of this esteemed group of interior designers."

## Drury Wins Double Houzz Awards: Design and Advice Guru

Houzz ([www.houzz.com](http://www.houzz.com)) is the leading platform for home remodeling and design for more than 35 million monthly users. For the third year in a row, Drury Design was awarded “Best of Houzz” in the design category. Check out Drury Design’s Houzz portfolio at <http://www.houzz.com/pro/drurydesign/drury-design>. ## Glen Ellyn Housewalk Features an Award-Winning Drury Design

Winner of both the 2010 National Kitchen & Bath Association’s “Art of the Industry” National Design Competition and the 2008-2009 Sub-Zero Wolf Kitchen Design Competition, this classic white kitchen will be featured in the

32nd Annual Glen Ellyn Infant Welfare Housewalk on May 6. For more information and to purchase tickets, visit <http://glenellyninfantwelfare.org>.

A crisp white color palette spotlights architectural details such as arched valances, crown

molding and corbels in this suburban Chicago kitchen. Key elements of the space include Calcutta marble countertops, a farmhouse sink and an oversized island. Warm wood tones in the flooring and walnut cabinetry and metallic accents from

appliances and lighting contrast and make this traditional white kitchen come alive. Want to take a closer look? Get details on our kitchen design blog at <http://www.drurydesigns.com/portfolio/white-and-warm-classic-traditional-kitchen>

## New Display in the Studio Welcomes Rutt's Ruskin Series

The Ruskins series in the Rutt HandCrafted Cabinetry line evokes classical architecture—but in a uniquely modern visual language. This new transitional kitchen design display in the Drury Design showroom sets out to capture that spirit, evoking both classical structures and more modern movements with its sense of balance and ordered beauty.

The room-size display, which features prominently in Drury Design's Main Street window, uses a monochromatic palette of subtle colors and texture to elicit a sense of soothing order—while including just enough contrast to create interest and movement within the design.

Experience Rutt HandCrafted Cabinetry's fine details and workmanship yourself. We hope you'll join us at our upcoming event:
